Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Following a search of recent sales and current listings in Rosebud, fewer than three properties were identified that are reasonably comparable to the subject property when assessed against bedrooms, bathrooms, exterior build and land size. While there are a number of dwellings in the suburb with a similar bedroom count, very few also match the subject's bathroom configuration, construction type and exterior finish, and land area.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
