Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Comparable properties within a 2-kilometre radius of the property in Craigieburn that have sold in the past six months have been limited, with no properties identified that offer a truly similar combination of features, inclusions and overall presentation.

The property is quite unique in what it offers, including two alfresco areas, two balconies, a security gate and a custom-made front door, along with its overall level of finish and presentation.

While there are properties that share some individual features, there have been no recent sales identified that provide a close enough like-for-like comparison across the property's overall features and inclusions.

For this reason, the available recent sales should be considered alongside the property's unique features, additional inclusions and overall standard when assessing its market value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
