Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Only two comparable properties have been included in this assessment due to the limited number of recent sales within a 2km radius that closely match the subject property in terms of bedrooms, bathrooms, car accommodation and land size.

These two properties represent the most relevant available comparables based on their overall similarity to the subject property. While there are other properties that have sold within the area, they have been excluded where significant differences in accommodation, land size or property features made them less suitable for a direct comparison.

The price assessment has therefore been prepared with consideration to the most comparable evidence currently available, together with the property's individual features, presentation, location and overall market appeal.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
